A Growing Family Amidst Crisis

Malnutrition can darken the mind and body of a growing child. Need is all around us. Our Community Development Program has grown by 40 percent, and in a single month we welcomed 16 new children into our Residential Protection Program. **Your support will ensure we meet our children's greatest needs.**

\$10 | Feed a malnourished child for 3 meals *We've welcomed 16 new children!*

\$80 | Purchase clothing for a new family member who has no personal belongings

\$___ | Bridge the gap of physical, emotional, and educational needs of new children

Stewarding Sustainability

Food costs are rising in the communities we serve, but our family is learning to raise animals, eat healthy, and reap the fruits of their labors.

Kids have shared they feel an increase in self-esteem and reduced stress levels through gardening, while their efforts offset budget costs. **It's a win-win!**

Repairing Walls. Restoring Hope

For over 20 years we have cared full-time for over 80 children in the Philippines. Serving as a home of safety and security, it has been well-loved and offered a place of healing.

In 2013, our home was at the epicenter of the 7.2 earthquake. Repairs were made, but ongoing tremors and age continue to bring structural concerns. We need \$50,000 to cover renovation and safety repairs. Help us rebuild for the next generation!

*\$50,000 in
